

FRESH POND MONTHLY MEETING

MICROPHONE RUNNER FOR MEETING FOR WORSHIP

Thank you for agreeing to serve, this is a vital role in welcoming Friends to worship and our meeting. If you want to undertake this service and would like to feel more comfortable with the role or have questions, please consult one of the co-clerks of Ministry & Worship Committee: Beckey Phipps (baphipps@earthlink.net) or Melody Brazo (mbrazo@mac.com)

- Connect with the Friend who has care of meeting for worship about 10 minutes before worship begins; work together to make sure the microphone works and the amplifier is switched on.
- The Friend with care of meeting will make an announcement about the use of the microphone at approximately 10:10 or 10:15 AM. This Friend will then hand-off the mic to the mic runner.
- The role of microphone runner means that one must be constantly listening and aware if someone wants to speak; this will not be an ordinary time of worship for the runner—it will be a time of heightened attentiveness and responsiveness.
- It will be helpful to sit somewhere with a view to the entire room.
- Be prepared to take the microphone to anyone who stands to speak or who calls for the mic (some Friends may not be able to stand). Wait and retrieve it after they are done speaking.
