

SHARING FROM THE GENDER MARGINS GROUP

meets the fourth Sunday of each month throughout the year

This group originated as Women's Group at Fresh Pond Monthly Meeting in 1989 and in October 2021, we evolved to be Sharing from the Gender Margins Group. We meet at the rise of Meeting from 11:30 to 1:00. We strive to create a safe and empowering community for all Friends of marginalized genders. We ask you to make a commitment to the group by arriving on time, staying until it is over and that your attendance be faithful. We also ask that you maintain the group's confidentiality to ensure safety and trust within the group. Babes in arms are welcome if child care is not available.

In Sharing from the Gender Margins Group we wish to create a sacred space for an intimate sharing of our spiritual journeys. It is a place of confidential sharing. What is said within the group, stays within the group. Our journeys reflect the multiple roles in our lives including child, friend, partner, spouse, parent, grandparent, great-grandparent and spiritual being. Our sharing also includes other aspects of our lives such as our work, our fears, our hopes and our understanding of the Spirit. Sharing from the Gender Margins Group seeks to nurture and support our individual spiritual growth. We listen carefully to each other, pray for each other and hold each other and the group in the Light.
